Video based course on robotic reconstructive surgery
ESU course 4

Location: Amber 08

Wednesday, 14 September 13:30 - 16:15

13:30 - 13:35
Introduction
M. Stöckle, Homburg (DE)

13:35 - 14:05
Renal reconstructive surgery - pyeloplasty step by step
C-H. Rochat, Geneva (CH)

14:05 - 14:25
Renal reconstructive surgery - Ureteral surgery (uretera reconstruction/interposition, ureterolysis)
G. De Naeyer, Aalst (BE)

14:25 - 14:55
Incontinence surgery - Sacrocolposuspension step by step
M. Stöckle, Homburg (DE)

14:55 - 15:25
Incontinence surgery - Robotic small pelvis fistula surgery and bladder diverticulum surgery step by step
C-H. Rochat, Geneva (CH)

15:25 - 15:55
Incontinence surgery - Robotic kidney transplantation – early experiences
M. Stöckle, Homburg (DE)

15:55 - 16:15
Incontinence surgery - Robot assisted vaso-vasostomy step by step
G. De Naeyer, Aalst (BE)
